## UGANDA NATIONAL BUREAU OF STANDARDS

Our Ref:.....BO\UNBS\083.... Your Ref:..... Date....2009.09.04.....

### To whom it may concern

**RE: JEVIC ROADWORTHINESS INSPECTION PVOC**

In its desire to maintain the quality standards of imported used vehicles the Uganda National Bureau of Standards (UNBS), the body responsible for regulating the quality of imported goods, have mandated that all used vehicles exported from Japan, Singapore, United Kingdom, and South Africa shall be covered by a Roadworthiness Inspection (RWI) and resulting documentation.

For this purpose, the UNBS have appointed the Japan Export Vehicle Inspection Center Co Ltd (JEVIC) to perform this inspection off-shore to Uganda Standard US845:2008.

All vehicles exported from Japan, Singapore, United Kingdom and South Africa from the 1<sup>st</sup> November 2009 will be required to be inspected by JEVIC.

All vehicles entering Uganda from the above countries not accompanied by an RWI certificate will be subject to a penalty of 15% of the Cost, Insurance and Freight (CIF) value and inspection upon arrival.

Importers of used vehicles shall ensure that each and every used vehicle intended for export to Uganda shall be presented to JEVIC prior to shipment, undergo the Roadworthiness Inspection and are issued with an RWI Certificate and seal affixed to the windscreen.

You are kindly requested to co-operate with JEVIC in facilitating this important pathway intervention.

This verification requirement will help ensure the quality and safety of imported used vehicles for all stakeholders.

The Uganda National Bureau of Standards would like to thank you in advance for your co-operation.

Yours faithfully,  
**UGANDA NATIONAL BUREAU OF STANDARDS**
